### TRAVEL & ACCOMMODATION

With *Camp Logistiks* you will be able to manage your shift rotations and your ad-hoc reservations efficiently.

Allocate room and travel with visual advanced tools that will help you maximize your occupancy in a matter of seconds. *Camp Logistiks* provides a solid solution that validates the process every step of the way to reduce human errors.

### HOUSEKEEPING

*Camp Logistiks* allows you to create reliable housekeeping schedules based on occupancy, to ensure your rooms are as comfortable as possible for your most valuable assets, your employees.

### REPORTS AND STATISTICS

A large selection of reports and statistics will help you visualize in real-time all the data you need to take better decisions. Our featured reports include the travel manifest, occupation forecast, cafeteria transactions, housekeeping schedule among others. All these reports are exportable in PDF, Excel and CSV.

*"...After 25 years, we are still treated with the same commitment and attention."*

Pierre Fouquet , Procurement Director  
ArcelorMittal Mines Canada

### CAFETERIA

This feature will help you control the access to your dining facilities and therefore have a better insight on the number of meals served per day.

### CONTRACTORS PORTAL

*Camp Logistiks* offers a web portal that contractors can access to manage their own reservations online. It allows them to submit requests that will later be approved by the front desk. All this supported by automatic email notifications.
